Wissahickon Creek:

The SEC's site 1115 is located on Wissahickon Creek in Upper Gwynedd Township. This section of the creek runs through a residential area. It's approximately 500 meters below the Upper Gwynedd waste water treatment plant. The site can be accessed from Swedesford Road near Township Line Road, at the historic Evans-Mumbower Mill. This site has been monitored since August, 2003.
